

Saturday, November 4th

Letting Go Workshop, 10:00am-12:30pm. Center for Balanced Living LLC, 74 Lunt Rd., Suite 206, Falmouth. How often have you heard the expression or advice, "Let it go, just let it go" or "Let go and Let God?" You are struggling with a crisis, an emotional issue, or a relationship challenge and someone tells you to detach and release. But you feel stuck in the pain, fear or doubt that accompanies your personal dilemma. We all struggle with faith and feeling centered in times of stress and find it hard to do exactly what we need to do...let go. In this reflective and experiential workshop we will look at and practice some specific tools of the letting go process as well and examine more deeply its spiritual dimension. Presented by Lucille Meltz, MSED. MA. \$50. To register, visit: <https://schedulicity.com/scheduling/BSH3LQ/workshops>

The Radiant Life Symposium,

8:30am-4:30pm. The Stone Barn, St. Joseph's College Campus, 278 Whites Bridge Rd., Standish. Do you crave the latest information in health, happiness, finances, balance, and life in general? Do you want to hear all about cutting-edge ideas and insider knowledge that won't be mainstream for another 10-15 years? And are you game for a little fun too... say, some snazzy dance moves mixed in to laugh and learn? If you answered yes to any of those questions, you have a choice. You could: a) Spend hours researching and reading, combing the web to find knowledge and wisdom on your own. Or, b) Join us for the 3rd Annual Radiant Life Symposium and listen to some of Maine's most prominent Thought Leaders share all their expertise with you! \$137. Heavy Metals Detox, 6:00pm-8:00pm. Center for Balanced Living LLC, 74 Lunt Rd., Suite 206, Falmouth. Every day our bodies absorb a variety of toxins including heavy metals such as aluminum, barium, cadmium and mercury. Certain foods, personal care products and environmental factors all contribute to the build-up of unsafe metals in our body. It's important to keep a healthy balance and remove these toxins to allow for optimal health, including: increased energy, memory and vital organ functioning. Janine Fifield, Certified Integrative Health Coach will teach you how to chelate these metals on a regular basis, with herbs, tinctures, activated charcoal and other natural solutions to improve your well-being and enhance your life! \$40. To register, visit: <https://Sedulicity.com/scheduling/BSH3LQ/Workshops>

Brave Moves Business Series, #5: Creating Prosperity by Taking Your Time

8:30am-11:30am. Center for Balanced Living LLC, 74 Lunt Rd., Lunt Auditorium, Falmouth. This workshop is designed to help you value all of your time; not only the time that perceivably is directly related to bringing you the money. By now we are all at least familiar with the concept of The Law of Attraction; it is our energetic vibration that draws to us what we manifest in our lives. How many of us really pay attention to that on an everyday basis? We can conceptually use the Law of Attraction to bring in clients, money, and a self-satisfying career. If you believe that you are doing all the right things and it isn't working then you either need to shift your beliefs, (subconsciously and consciously) or change your behavior. When we pour all of our energy into building our businesses, taking care of our families and relationships;

we often forget that our primary relationship- the one we have with ourselves- is lacking. We want to live a life of abundance in our most important relationship, the one with ourselves. Early Bird Price through 11/8: \$65, \$75 after 11/8. To register, visit: <https://brave-movesworkshop6.eventbrite.com>

Empowering the Empath. 6:00 – 8:00 pm Center for Balanced Living, LLC 74 Lunt Rd., Falmouth. Empaths have a great sensitivity to the energies of others around them and their environment. Often times being coined as “too sensitive” or too “emotional” empaths have an innate ability to intuitively connect with a greater awareness and are spiritually tuned into life. So often this can cause exhaustion and fatigue from sifting through energies and situations that can become draining and at times toxic. Come and learn some new techniques on how you can...

- zip up and create boundaries with others in everyday life experiences.
- * Manage anxiety as you navigate crowds and stressful situations
- Distinguish which feelings belong to you and which don't and avoid absorbing others emotions.
- Intuitively, emotionally, physically, and spiritually protect yourself from the harsh environment of our world. Presenter: Janine Fifield. \$40/\$50. Register at: <https://scheduling.com/scheduling/BSH3LQ/workshops>

Late Fall Native Plant Seed Sowing Workshop with Heather McCargo, 9:30am. Maine Audubon, 20 Gilsland Farm Rd., Falmouth. Late Fall is seed sowing time in Maine! Most native plants propagate naturally outdoors over winter, and starting native plants from seed is a fun, economical way to benefit your landscape. This workshop will focus on do-it-yourself seed propagation of native plants. Participants will leave with several seeded pots. The seeds of our native plants have a different set of needs than those of garden and vegetable species. This workshop will teach you how to sow native seeds in a small outdoor propagation area. An individual, school, community group, or farm can produce a wide variety of perennial and woody species using the methods demonstrated in this workshop. Propagation of trees, shrubs, wildflowers, and ferns will all be covered. Led by Heather McCargo, executive director of Wild Seed Project and an educator with 30 years experience in plant propagation, landscape design, and conservation. Members: \$24, Non-members: \$30. Register at: www.maineaudubon.org/events.
